PROFESSIONAL SUMMARY

B.Sc. (Hons.) Computer Science student at Darshan University with knowledge of React.js, Node.js, Express.js, SQL, MongoDB, and Python. Passionate about developing responsive web applications and learning modern technologies. Seeking an opportunity to apply technical skills and grow as a Full-stack developer.

TECHNICAL SKILLS

Frontend: ReactJS, HTML5, CSS3, JavaScript

Backend: Node.js, Express-JS, .Net-Core, JAVA

Databases: SQL, MongoDB

Core Competencies: Web-Sockets (Socket.io), Problem Solving, Communication

TECHNICAL PROJECTS

Online Shopping Platform (E-Commerce Store)

React, Node.js, MongoDB

- Developed a comprehensive online store featuring a dynamic product catalog, integrated shopping cart, and secure payment processing.
- Architected the frontend using React to ensure a seamless and responsive user experience across different devices.

Real-Time Chat Application

Node.js, Web-Sockets / Socket.io

- Engineered a real-time communication application utilizing Socket.io to enable instantaneous messaging between users.
- Managed backend message flow and client-side synchronization for high-performance interaction.

Weather Forecast Application

React, Public Weather API

- Built a forecasting tool that fetches live data from a public API to display temperature, humidity, and weather conditions.
- Implemented dynamic data parsing to update weather metrics instantly based on user city selection.

Cardio Monitor – Heart Disease Prediction System

HTML, Python

- Developed Machine Learning-based Heart Disease Prediction System using Python and Jupyter Notebooks.
- Implemented and compared models like KNN, Decision Tree, Random Forest, Logistic Regression, and XGBoost for predictive analysis.
- Used the KNN Classifier as the primary production model with trained .pkl model integration for real-time heart disease prediction.

EDUCATION

B.Sc. (Hons.) Computer Science

2023 – 2027

Darshan University

B.Sc. (Hons.) Computer Science student with strong programming fundamentals and practical experience in web development.

CERTIFICATIONS

- Web Artisan:** Clash Event of "Frolic 2025" A State Level Tech Fest Organized By Darshan University.
